# YOU ARE INVITED JOIN DR. EDITH

***Dear Visionary Wayshower,***

*You are receiving this invitation because you are amongst the Visionary leaders in our community who embodies the highest integrity, discernment, love, courage, wisdom and the sincere desire to align with and fully express your dharma & purpose in this life.*

*Thank you for all that you are. Your essence. Your presence. Your conscious impact in the world.*

*A new timecode has unlocked. We are now in an accelerating tsunami wave of change.*

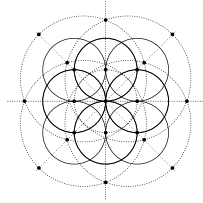

*Spirit is showing me that 2024 is going to be our most profoundly transformative year yet. For Visionary leaders, Wayshowers, bringers of new paradigm solutions, it's our greatest opportunity to manifest positive impact and massively beneficial change.*

*We are being called to play a much bigger game. Are you ready?*

*New energies, new codes are activating. Those who are unaware will get swept up in further confusion and chaos. For those of us who are deeply soul-aligned, aware, intentional, unafraid to shine, 2024 will be exponentially supportive. It will be rich, beautiful and beneficial beyond our wildest dreams.*

*(cont page 2)*

*In order to anchor in the most beneficial timeline, to move into greater service and effectiveness, we are being called to level up. Deepen our inner alignment & inner clarity. Amplify our gifts. Open to new levels of wisdom, beauty, and the highest win-win-win.*

*2024 is a year of profound expansion, awakening and success on all levels. We have the sacred opportunity to embody these new energies and anchor in a far more beautiful reality on all levels - personal, professional, individual, team, and collective.*

*There is a catch though. The new energies require that we stop operating as “Lone Wolves”. Instead, we are being asked to join together and support one another via high potency and high-quality groups like this one. As we weave the energies of mutual support and collaboration, we are also anchoring in the blueprints for a more beautiful new earth civilization.*

*In this new program, a powerful new set of “codes” gifts & abilities will awaken in all of us, serving as foundation for us to rapidly expand to our next level. Together as friends and colleagues, we inspire, empower and amplify one another’s brilliance in beautiful synergistic ways. **Please join me for this advanced group coaching experience.***

*An overview of our structure below. We are creating a brilliant tapestry of energies that will level ALL of us up in the most rich rewarding ways. Enter 2024 with full confidence, vision and clarity. Refine our gifts, abilities, and mastery as Visionary Leaders and Wayshowers. Step into our next level of service in the world. Oh yes - have tons of fun in the process!*
